

Ruta de formación en **INGLÉS**

55 horas

DEVELOPMENT SKILLS:

Apply the fundamentals of the English language in the four linguistic areas to perform within work routines or in the personal environment.

OBJECTIVES:

- Apply the English language in your work and personal environment to be able to develop in an organization.
- Practice good oral presentations that will help you improve other aspects of your life.
- Get into the grammatical structures of the verb tenses, as well as the different communicative situations you may face in your working environment.

BENEFITS:

In this training path, you will reinforce language fundamentals in the four language areas. During the course, you will be able to perform and respond to a wide range of language functions related to work routines, future planning, negotiation, culture, etcetera. You will also improve your language proficiency and develop strategies using technology to create effective presentations

ADDRESSED TO:

- Collaborators, teachers, and personnel in general who wish to acquire or improve their English language skills and put them into practice in their personal and professional environments.
